

TOR VIEW SCHOOL POLICY DOCUMENT

SINGLE EQUALITIES

Statement of Principles

At Tor View School together we enjoy inspire, learn, enjoy and achieve

This policy outlines the commitment of the staff, pupils and governors of Tor View School to ensure that equality of opportunity is available to all members of the school community. For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community. These include:

- Pupils
- Staff
- Parents and carers
- The governing body
- Multi-agency staff linked to the school
- Visitors to school
- Students on placement

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth.

At Tor View School, equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential - irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination.

Ofsted identified equality of opportunity as a strength.

All pupils have a full statement for SEN. Pupils have a range of learning difficulties: Profound and Multiple Learning Difficulties (PMLD); Severe Learning Difficulties (SLD); Moderate Learning Difficulties (MLD); Challenging Behaviour (CB); Sensory Impairments - Visual Impairment (VI) Hearing Impairment (HI); Autistic Spectrum Condition (ASC).

School employs staff and Governors who have disabilities.

The school is fully accessible and automatic doors have been installed to improve accessibility for independent wheelchair users.

A number of pupils are subject to a full care order and a large number of pupils are regarded as CLA because they access overnight respite as part of their short breaks package.

At Tor View School, the leadership of the school community will demonstrate mutual respect between all members of the school community.

- There is an openness of atmosphere which welcomes everyone to the school

- The displays around the school are of a high quality and reflect diversity across all aspects of equality of opportunity and are frequently monitored
- Provision is made to cater for the spiritual needs of all the children through planning of assemblies, classroom based and externally based activities

The school community reflects a diverse range of faiths including Islam; Christianity – Roman Catholic, Church of England, Baptist; Jehovah's Witness; Hindu and this diversity is reflected in the annual calendar of collective worship.

Policy Development

This policy applies to the whole school community. It has been drawn up as a result of the outcomes of a transparent process and through consultation with:

- School Council
- Staff
- Governors
- Parents and carers

Copies of the draft policy were shared with all parties and content was discussed in detail with members of School Council. All stakeholders were asked to provide feedback.

Monitoring and Review

Tor View is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfill her or his potential.

We collect and analyse a range of equality information for our pupils/students by ethnicity, disability, gender, entitlement to free school meals (FSM):

- Performance in curriculum subjects
- Participation in extended school and study support activities
- Attendance data
- Exclusions
- Serious Incidents
- Racist Incidents
- Bullying and Harassment Complaints

We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information.

School performance information is compared to national data and local authority data, to ensure that pupils are making appropriate progress when compared to

all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, we also regularly monitor a range of other information. This relates to:

- Attendance
- Exclusions and truancy
- Racism, disabilism, sexism, homophobia and all forms of bullying
- Parental involvement
- Participation in Extended Learning Opportunities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Tor View School is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a governing body that is representative of all sections of the community in order to respect and respond to the diverse needs of our population.

We collect and analyse a range of profile information for our staff and governors and keep this information confidentially to enable us to be more inclusive.

We have identified the following issues from the analysis of the data:

- Governor data requires further analysis
- Keen to increase participation of BME in extended school activities

Due regard is given to the promotion of equality in the School Improvement Plan. The person responsible for the monitoring and evaluation of the policy and action plan is the Deputy Headteacher.

Their role is to:

- Lead discussions, organise training, update staff in staff meetings, support discussions
- Work with the governing body on matters relating to equality
- Support evaluation activities that moderate the impact and success of this policy

- Teacher enthusiasm is a vital factor in achieving a high level of motivation and good results from all pupils
- Adults in the school will provide good, positive role models in their approach to all issues relating to equality of opportunity

- All pupils are encouraged to be actively involved in their own learning

- Consideration will be given to the physical learning environment – both internal and external, including displays and signage

- We recognise that perpetrators may also be victims and require support.
- Positive role models are used throughout the school to ensure that different groups of pupils can see themselves reflected in the school community
- Emphasis is placed on the value that diversity brings to the school community rather than the challenges.

Staffing and Staff Development

We recognise the need for positive role models and distribution of responsibility among staff.

- All temporary staff are made aware of policies and practices
- Employment policy and procedures are reviewed regularly to check conformity with legislation and impact

There are instances in which a job will qualify for a genuine occupational qualification on the grounds of gender. However, only in very few instances would this be permissible, for example, where the job is likely to involve physical contact with members of the opposite sex, where matters of decency or privacy are involved. With reference to the Equality Act 2010 where possible we recruit same gender staff to provide intimate personal care, particularly for Secondary and FE aged pupils.

The Measurement of Impact of the Policy

This policy will be evaluated and monitored for its impact on pupils, staff, parents and carers from the different groups that make up our school. An action plan will be published to enable an impact assessment to be undertaken at the appropriate time within a given timescale.

Publicising the Policy and Plan

This Policy is a public document and is made available to any interested stakeholder and publicised on our website, on the network, in induction meetings.

Annual Review of Progress

This policy has a three year life span and our performance is subject to annual review and revision of the action plan.

Equality Impact Assessments

Undertaking equality impact assessments (EIAs) is similar to undertaking health and safety risk assessments. It involves predicting and assessing what the implications of a policy, function or strategy will be on a wide range of people.

EIAs were introduced with the Race Equality Duty and are now also required for both disability and gender. It is also best practice to consider age, religion and belief, and sexual orientation as part of this process.

EIAs are a way in which we can analyse all of our work (this could be a policy, procedure, project, strategy or service) to ensure it meets the needs of all our service users and that no group (in relation to ethnicity, disability, gender, age, religion and belief, and sexual orientation) is disadvantaged or cannot access our services.

Appendix – Equality Legislation Guidance

(Note: The duties outlined below are now elements of the Public Sector Equality Duty)

Race

The term race includes colour, ethnic origin, nationality, national origin and citizenship as well as race.

- It came into effect from April 2001

Who is covered?

Reporting racist incidents in schools

Schools are required to have in place a procedure for dealing with and reporting racist incidents, which includes providing an annual summary of racist incidents to Lancashire County Council.

Disability

What is a disability?

Disability is a physical or mental impairment which has an effect on a person's ability to carry out normal day-to-day activities. That effect must be:

- substantial (more than minor or trivial)
- adverse
- long-term (it has lasted, or is likely to last, for at least a year or for the rest of the life of the person affected).

There is no need for a person to have a specific, medically-diagnosed cause for their impairment – what matters is the effect of the impairment, not the cause.

Examples include hearing or sight impairments, a significant mobility difficulty, mental health conditions or learning difficulties. There are many other types of condition, illness or injury that can result in a person being disabled (eg diabetes, asthma, cancer, arthritis, epilepsy, multiple sclerosis, heart conditions, facial disfigurement).

General duties

- Promote equality of opportunity
- Eliminate unlawful discrimination
- Eliminate disability-related harassment
- Promote positive attitudes towards disabled people
- Encourage disabled people's participation in public life
- Take steps to take into account people's disabilities.

Specific duties

- From December 2006 for secondary schools and from December 2007 for primary schools, special schools and PRUs, must prepare and publish a disability equality scheme, monitor it annually and review it every three years
- Involve disabled people in the development of the scheme
- Set out in their scheme:
 - how disabled people have been involved in its preparation
 - their arrangements for gathering information on the effect of the school's policies on:
 - the recruitment, development and retention of disabled employees
 - the educational opportunities available to and the achievements of disabled pupils
 - the school's methods for assessing the impact of its current or proposed policies and practices on disability equality
 - the steps the school is going to take to meet the general duty (the school's action plan)
 - the arrangements for using information to support the review of the action plan and to inform subsequent schemes.

GENDER

The term gender includes boys, girls, men and women, and transgender/transsexual people. Sexual orientation is a distinct protected characteristic. (The term transgender refers to a range of people who do not feel comfortable with their birth gender).

What is the difference between sex and gender?

- Sex refers to biological status as male or female. It includes physical attributes such as sex chromosomes, gonads, sex hormones, internal reproductive structures, and external genitalia.
- Gender is a term that is often used to refer to ways that people act, interact, or feel about themselves, which are associated with boys/men and girls/women. While aspects of biological sex are the same across different cultures, aspects of gender may not be.

Sexual Orientation

Heterosexism is any prejudice and discrimination against individuals and groups who are lesbian, gay, bisexual (LGB) or are perceived to be so. It is based on the assumption that everyone is or should be heterosexual. Expressions of dislike, contempt or fear based on heterosexism are usually known as homophobia, although lesbophobia and biphobia are also coming into use.

Whether through institutional practice or personal behaviour, the prevalence of heterosexism is likely to mean that LGB people feel excluded and unsafe. This effect can be mitigated by an actively welcoming and supportive environment.

Sexual orientation is defined as an individual's sexual orientation towards people of the same sex as her or him (gay or lesbian), people of the opposite sex (heterosexual) or people of both sexes (bisexual).

General duties

- Eliminate unlawful discrimination and harassment
- Promote equality of opportunity between male and female pupils and between men and women
- Promote good relations

Specific duties

- From April 2007, prepare and publish a Gender Equality Scheme, showing how the school will meet its general and specific duties and set out its gender equality objectives, as well as its plans for stakeholder consultation and impact assessment
- Monitor the scheme annually and review it every three years.

Transgenderism and gender re-assignment

Transgender is an umbrella term used to describe people whose gender identity or gender expression differs from that usually associated with their birth sex. Gender re-assignment is the process a transgender person goes through to change sex.

Reporting Racist Incidents

A racist incident can be defined as: verbal abuse; violence; provocative

behaviour; graffiti; possession/ distribution of racist materials.

If a member of staff is made aware of a racist incident this should be immediately recorded and reported. Racist Incident forms are located in the Deputy Headteacher's office on the noticeboard with Child Protection, Care and Control forms.

Action to be taken depends on the status of the **perpetrator**:

Pupil – Complete racist incident form and inform parent/ carer of incident and actions to be taken. Before reporting an incident the member of staff should consider the cognitive/ intellectual level of the perpetrator, at times pupils may use inappropriate language because they do not understand the language, these incidents should be reported as Serious Incidents and remedial action will be taken as appropriate to the individual circumstances. Support and counselling should be made available to the victim of such an incident as required.

Member of staff – Report incident to Deputy Headteacher/ Headteacher who will suspend member of staff pending investigation, complete racist incident form and return to Deputy Headteacher.

Visitor to school - Explain that racist behaviour is unacceptable and ask the visitor to vacate premises, complete racist incident, pass details to Police for consideration if further action should be taken.

Where a **victim** is involved in any racist incident support and counselling should be made available as required.
